Jarrold,

Attached please find the application you have requested.

Thanks,  
Sabrina

Hi Steve,

I hope you had a nice Thanksgiving. I wanted to touch base on the county road permit application. Are you able to send this to me in the next day or so? I appreciate your assistance on this.

Thanks,  
Jarrod

Hi Steve,

Nice talking with you this afternoon. As discussed, please send the county road permit application at your convenience. I look forward to working with you on our project.

Thanks,

**Jarrold Pitts**

Ryan,

See below:

1. Posey County Soil & Water Conservation District
  - a. I'm not aware of any correspondence to date. We should ensure they receive a letter as this is an important local authority. What are your thoughts on trying to schedule and introductory call with them along with sending the letter?
2. Posey County Highway Supervisor
  - a. I have had an introductory call with Steve Schenk, email correspondence and he has reviewed the RUA as part of the EDA process with the County.

Thanks,  
Jarrod

Jarrod, Timberly,

Please see Adam's email below. Have we had any correspondence with these entities?

Thanks,  
Ryan

Hi Ryan,

Can you confirm if we should send letters to the following:

- Posey County Soil & Water Conservation District
- Posey County Highway Supervisor

If there has been communications with these departments, please send along those ROCs and I will enter them in the table. I don't think separate letters would be needed in that case.

If there has not been any previous communications, then we should send letters.

Thanks,  
Adam

**Subject:** Posey Agency Contacts

Hi Joe and Ryan,

I am pulling contact info for the agencies in the list, and I have some comments to run by you.

Can you review and determine if we need to send this up to the larger group.

Thanks,  
Adam

- FAA – we are not sending a letter
- DOD/NOAA – we are not sending a letter
- EPA – “Compliance with air and water quality standards under NEPA”
  - I would argue that a letter does not need to be sent to the EPA. We have never reached out to them unless we are working on or near Superfund site.
- IDEM - Endangered Species
  - IDNR handles endangered species, not IDEM
  - IDEM handles air, water, and soil quality issues, we could ask them about these topics regarding the Project, but I don't know if we want to wade into that. I think it would be better if we just let the county know that IDNR handles endangered species.
- Private airport authorities permitted by FAA and IAA
  - IAA is the Indianapolis Airport Authority, I can't find an Indiana Airport Authority
  - There are records of three private airfield in the Project Area (Zeller, Hilakos, and Lewis) and two just beyond (Davis and Posey).
  - I would not recommend sending these folks a letter for comment without speaking to them first or knowing if they are in or out of the Project. We don't want a negative response about impacting someone's livelihood to be on the record, or hearing about it first in the response.
    - Zeller Elev Co Airport - IN23
      - Mount Vernon, Indiana
      - Facility Usage: Private
      - Zeller Inc
      - Rr 1, Box 298b
      - Mtvernon, IN 47620
      - (812) 985-5883
    - Hilakos Airport - I184
      - Mount Vernon, Indiana
      - Facility Usage: Private
      - William Hilakos
      - 6700 S Davis Rd
      - Mtvernon, IN 47620
      - (812) 985-2828
    - Davis Field Ultralight - 0311
      - Mount Vernon, Indiana
      - Facility Usage: Private
      - Robert R. Davis
      - 615 S Werner
      - Evansville, IN 47712
      - (812) 402-2538

- Posey Patch Ultralight - 5911
  - Mount Vernon, Indiana
  - Facility Usage: Private
  - Charles M Smith
  - 1121 N Locust
  - Mtvernon, IN 47620
  - (812) 838-6351
- Lewis Airport - 2211
  - Mount Vernon, Indiana
  - Facility Usage: Private
  - George E. Lewis
  - 8600 Meinschein Rd
  - Mountvernon, IN 47620
  - (812) 985-3605
- Posey County Soil & Water Conservation District
  - Is this being handled separately. This should be its own separate communication with these folks as there is normally a lot of back and forth to determine what they need to see.
  - We can document this, but not sure they need a letter
- Posey County Highway Supervisor
  - Same comment as with the SWCD
- Local Emergency Response
  - I would say it would be best to reach out to these folks and provide some Q&A to address their initial concerns before sending them a letter.
  - Marris Center is the closest, but not sure if we need to communicate with additional folks given the size of the project. We may include multiple departments.
- Telecommunications Infrastructure Owners and Operators
  - One Verizon Tower
  - Verizon
    - 1300 I Street NW - Suite 500 East
    - Washington, DC 20005
    - ATTN Sarah Trosch
    - P:(202)515-2453
    - E:sarah.trosch@verizon.com
